

Feature of the Week- 10/19/2009

Reporting in iabol

iabol helps keep you up to date and informed about your account with in-depth, accessible reporting! From your iabol Dashboard, you can:

- Control Access to Reports -manage who has access to various reports
- Run various reports across all your Carriers, Accounts, Users and Sites
- Volume Reports- easily report each User's or each Site's shipping activity by any time period
- Real Time Corporate Shipping Expense- access your current shipping expenses across the entire enterprise
- Centralized Financial Reporting - centrally understand shipping spending by Carrier, service level, User and Site
- Report conversion to Excel or PDF format for ease of importing and integrating

>>Part 1 of a 3 Part Series on Reporting in iabol- next week: an in-depth look at Standard Reports
