

Feature of the Week- 07.27.09

Your Choice of Carriers

With iabol, you can choose your carrier. The UPS module is always included, ensuring UPS availability for all users at no additional cost.

In addition to UPS, iabol also supports DHL Express and Global Mail, FedEx Express and Ground, USPS (powered by Endicia), shipping consolidators, regional carriers and area couriers. Adding new carriers is simple- just go to your User page and add a new carrier module. The choice is yours and the change is immediate.
