iabol with U-PIC Insurance

U-PIC has been saving time and money for companies and individual shippers since its founding in 1989. With a dedicated, professional staff of licensed insurance agents, U-PIC is always ready to assist customers with their parcel shipping insurance needs.

U-PIC's services are designed to insure packages and parcels while saving the customer time and money. From heavy volume shippers to individual buy-online shipments, U-PIC offers low competitive rates, as well as state-of-the-art methods of purchase, reporting, claims filing and premium payment.

Now, U-PIC has partnered with iabol to offer iabol 2.0 customers a new way to save- by insuring parcels at a considerable discount with U-PIC directly from their iabol User page! The process is quick and simple, and users can insure any number of packages easily at low cost.

- Shippers **save up to 85%** on shipping insurance with U-PIC- a fraction of the cost of shipping with carriers
- U-PIC makes **filing claims fast and easy**- you can file by email, fax or mail and get a decision within 7-10 business days
- Insuring parcels with U-PIC is **fast and easy**- the system is integrated with iabol, so you can ship and insure all at once
- Reliable coverage **no matter how many packages you ship**

Getting started with U-PIC in iabol 2.0 is easy!

Just go to your iabol account page and add the U-PIC module. Once you enter your shipper information, you will receive your new U-PIC policy number and instructions for claims filing instantly- and that's it. You're ready to start saving money and shipping insured parcels.

Why pay the high cost of carrier shipping insurance? Ship with the carrier you want and insure with U-PIC- all quickly and easily through iabol 2.0.
